ADA, OKLAHOMA, FRIDAY, SEPTEMBER 30, 1921.

FIVE CENTS THE COPY

WANDERER SINGS AS HE IS HANGED \$880,000 ROAD BOND IS SOUGHT

BOARD WILL TAKE ACTION ON ISSUE

Co. Commissioners To Meet
Monday and Consider
County Project.

Consideration of a proposed \$880,000 road bond issue for the county will occupy the chief portion of interest when county commissioners meet in their regular semi-monthly session here Monday, R. H. Erwin, county clerk, intimated Friday.

Seven petitions requesting the commissioners to call an election on the issue have been presented to the board, Erwin said. This proposed road bond issue is divided into two sections, one of \$440,000 for townships and the other for the same amount for a county road and bridge building fund.

A definite announcement as to the stand of commissioners on the issue will be reserved until after the meeting Monday when definite action on the proposal is expected. An outline of the uses to which each of the funds, in case they are voted, can be put were outlined today by Mr. Erwin. The township fund can be used for roads, and culverts and bridges where the span does not exceed 20 feet. The county road and bridge fund is for the purpose of building larger bridges and putting the state highway in good shape.

To Prepare Statement.
For the information of voters, Clerk Erwin said in case the commissioners favored the proposed bond issue and decided to submit it to a vote he would prepare a statement showing exactly what bearing this would have upon taxes in each township in the county.

Supporters of the petitions which were sent to the commissioners this week said they favored the issue from a double standpoint declaring that it would serve to take up the slack of unemployment in Pontotoc county this winter and at the same time would put county roads in better shape than they have ever been.

As a preliminary bit of information, pertaining to but not vitally connected with the proposed road bond proposition, Clerk Erwin announced today the population of all towns and townships of the county, as given in the last census. These follow: Ada, 8012, Allen 1377, Francis 911, Roff 1138, Stonewall 622, Allen township 1809, Chickasha township 3829, Fitzhugh 2, 561, Francis township 1475, Maxwell township 1852, Midland township 3126, and Stonewall township 2597. This makes a total population for the county of 30,329.

SOLEMN PIGEON HIGH ON PERCH AMAZES CROWD

A bird, a crowd, a flagstaff, and the attraction at the corner of Main and Broadway this morning was complete.

Passersby on the street noticed a pigeon, said to be of the homing variety, perched on top of the flagstaff on the first National Bank building. It sat there for hours quietly watching the people pass below, listening to the whirr of cars and the traffic. Not much notice was taken of it until someone climbed to the roof of the building and caused it to take flight.

It circled about and ended the short disturbance by lighting on the flagstaff of the Merchants and Planters National Bank building, where it was again the object of many a curious gaze. The pigeon was of a slate color. It passed away the hours by looking about, smoothing its feathers and enjoying the sunshine.

Shortly afterward it perched on the flagstaff of the old Guaranty State Bank building, remained there an hour, then left on a northward flight. Some expressed themselves as believing it to be a carrier pigeon, in government service, which had decided to rest on reaching this city before continuing its flight. It was generally thought that the bird was a stranger here.

Arthur and Cal Weatherford of Maxwell were in the city today with cotton and looking after business matters.

Sir Knights Attention.
Special convocation of Ada Commandery No. 16 Knights Templar, this evening at 7:30 o'clock for work in the Temple degree. All visiting Sir Knights are cordially invited. M. F. Manville, Commander.

Appeal From the Mayor

In view of the unemployment throughout the country and in our little city and in view of the suffering that may result here this winter unless action is taken at once, I urge every person in Ada who can do so to donate clothing and shoes to the United Charities. The Boy Scouts will cover the city between 4 and 6 o'clock Sunday afternoon.

To make the collection easy, I suggest that the material to be donated be collected and deposited on the front porch not later than 3 o'clock.

Let us give of our bounty to relieve the suffering of others.

GARY KITCHENS,
Mayor.

BOOZE SMUGGLERS SOUGHT IN PROBE

Arbuckle Investigation May
Uncover Sensational
Facts, Belief.

(By the Associated Press)
SAN FRANCISCO, Sept. 29.—Preparations for the prosecution of Roscoe Arbuckle on a charge of manslaughter in connection with the death of Miss Virginia Rappe, today were overshadowed at least for a time by the federal investigation into the supply of liquor which was drunk by the guests at the comedian's hotel St. Francis party.

Belief that this investigation had uncovered a gigantic liquor smuggling ring, operating with San Francisco as a base, and which imported liquor of choice brand and quality from Mexico and Canada, was expressed last night by Federal Prohibition Director E. Forrest Mitchell. He is making his inquiry at the instruction of Robert H. McCormack, special assistant to the United States attorney general.

Mitchell last night stated that he had a witness who delivered the liquor to the Arbuckle suite at the hotel St. Francis. The man's name is being withheld and he is closely guarded by federal operatives pending his going before a federal grand jury, it was stated.

Arbuckle left San Francisco last night for Los Angeles in company with his wife, his mother-in-law and the defense attorney.

TEXAS SOLON REQUESTS NO HELP FOR NEGROES

(By the Associated Press)
WASHINGTON, Sept. 30.—Opposition to an extension of executive clemency to 61 enlisted men of the 24th infantry who are serving in Leavenworth prison as a result of rioting at Houston, Tex., in 1917, was expressed to President Harding today by Representative Garret of Texas.

Clemency for the prisoners, all of whom are negroes, has been requested of the president by the national association for the advancement of colored people.

Autumn Sends First Shiver This Season Over Every County

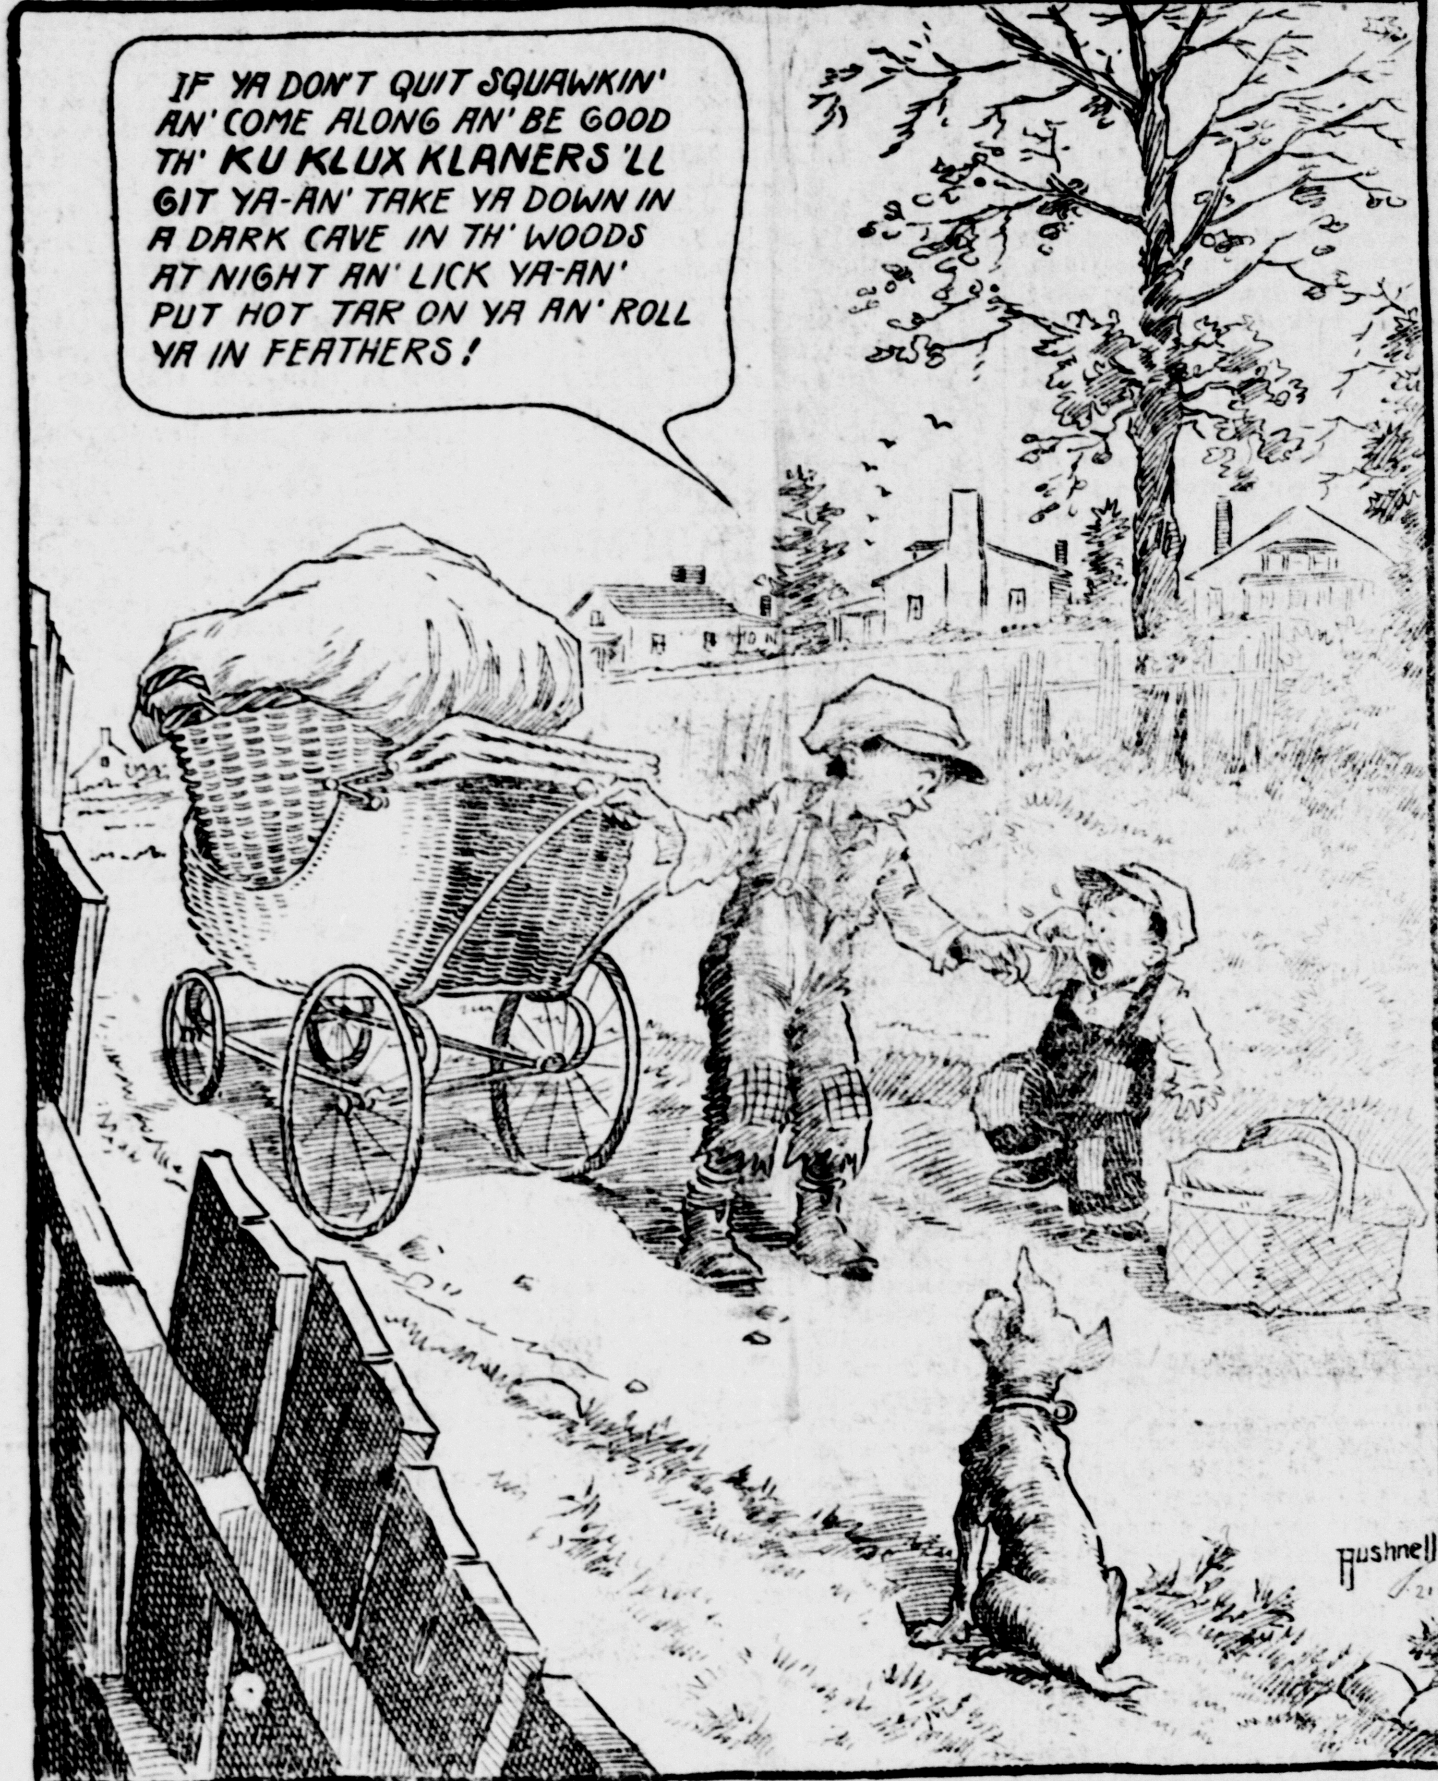

(By the Associated Press)
OKLAHOMA CITY, Sept. 30.—The first shivers of autumn were experienced by Oklahoma City today when the temperature ran as low as 38 degrees. This was the minimum temperature reported to the United States weather bureau here. It was announced that Paul Valley and Hammon reported 40 degrees, Chandler, Mangum, Muskogee and Weatherford 41 degrees, Holdenville 43, and Oklahoma City 44 degrees. No frost was reported to the weather bureau, although it was said there might have been light frosts in scattered localities in low places where the air was still. The average date for the first killing frost in the state runs from October 17 in the Panhandle to November 11 in the southern portion.

REICHSTAG AFFIRMS U. S. PEACE TREATY TERMS

(By the Associated Press)
BERLIN, Sept. 30.—The Reichstag today passed a bill affirming the peace treaty with the United States. Only the communists voted against the measure.

"TERRORISM!"

IF YA DON'T QUIT SQUAWKIN'
AN' COME ALONG AN' BE GOOD
TH' KU KLUX KLANERS 'LL
GIT YA AN' TAKE YA DOWN IN
A DARK CAVE IN TH' WOODS
AT NIGHT AN' LICK YA AN'
PUT HOT TAR ON YA AN' ROLL
YA IN FEATHERS!

ROFF GUARD HAS HEAVY GRIDIRON SEASON IN VIEW

Football men representing headquarters Battery, First Field Artillery, at Roff, have before them one of the stiffest schedules of any team in this section of the state, it is believed.

The battery team has played three games, Southwestern Normal at Durant on Sept. 16, with a victory of 48-0 for the Teachers, East Central at Ada on Sept. 21, with a score of 7-0 for the battery, and Tishomingo Aggies at Tishomingo September 24, with a score of 14-7 for the Aggies.

The remaining schedule follows: Oct. 1 O. S. D. at Roff, Oct. 7 open date, Oct. 14 A. and M. college (Freshmen) at Stillwater, Oct. 21 Battery A Wewoka, at Roff, Oct. 28 Murray Aggies, at Roff, Nov. 4 Bacone College, at Muskogee, Nov. 11 Northwestern Normal, at Tahlequah, Nov. 18 open date, Nov. 24 O. S. D. at Sulphur.

The battery team will enter upon its basketball schedule immediately after the close of the football season. The following men constitute the Battery Grid Squad: George Washington, Richard Roff, Burrell Heathman, Raymond Hamer, Tyree Derrick, Edgar Dixon, Monroe Washington, Buford Merritt, Joe Gibson, Eck Ivey, Lee Watson, Walter Berry, Leslie Izard, Forrest McCracken, Mansell King and Jim Rogers.

Saturday, October 1, the Oklahoma School for Deaf will meet the battery at Roff. It is reported that the deaf school's team is the strongest it ever produced.

PRESIDENT TO REVIEW MARINES IN VIRGINIA

(By the Associated Press)
WASHINGTON, Sept. 30.—President Harding expects to leave tomorrow by automobile for Fredericksburg, Va., where he will witness the field maneuvering of the marine corps and remain overnight as a guest of corps officers. A sham battle is to be staged Saturday afternoon as a part of the maneuvers and on Sunday morning the troops participating in the battle will be reviewed by the president.

F. P. Lisenall of Tulsa was in the city Thursday and Friday on business and visiting friends.

TWO BANDITS ROB FITZHUGH'S BANK

Unmasked Outlaws Lock
Four Men in Vault Today
And Take \$1800

Two bandits, unmasked, entered the Farmers State Bank at Fitzhugh at 2 o'clock this afternoon, forced J. R. Braselton, cashier, to open the safe and after taking about \$1800, mostly in bills, pushed Mr. Braselton and three customers into the safe, locked it and disappeared in a waiting automobile.

The robbery was reported to Sheriff Bob Duncan within a few minutes after it happened and Duncan left immediately in pursuit of the robbers. Braselton and the three others whom the robbers put in the vault remained there only a few minutes until they were released by others who were attracted to the bank by the excitement. The bandits overlooked about \$1000 in a safe near the vault, Mr. Braselton said in a telephone message to the Ada News shortly after the robbery. Although the men were unmasked, he said he did not recognize them.

JEWIS WILL OBSERVE MONDAY AS HOLIDAY

All Jewish stores of Ada will be closed Monday, October 3, in observance of New Year, beginning of the year 5862, according to an announcement Friday. The Jewish calendar dates from the time of the creation of the world and the holiday will be observed from sunset Sunday until sunset Monday. The Jewish Rosh Hoshana is a day of rejoicing and celebration and yet a memorial day and a time for meditation, it was pointed out. It marks the first day of the seventh month of the lunar calendar.

PONCA CITY.—A campaign to clean out alleged liquor traffic in Osage county has been started by the federal prohibition enforcement officers there.

WELCOME SIGN NOT EXTENDED TO 'PARASITE'

Bums, beggars, parasites, tramps and society "leeches" are not welcome in Ada.

This is evidenced by the fact that continuously but quietly, the city police have been making a campaign to prevent the filling of the city with such outcasts during the winter months. Occasionally one will be seen in the city, but police declared today that they succeed in turning five away for every one that slips in. Ada, it is said, has a much smaller number of these than most other cities, due to the inhospitality of the cops.

When asked about street musicians and other such people often seen at street corners, the police said they had no authority to stop them. "They do not come in the outcast class and therefore are not violating any city law. A decrease is noted in this class, however," one officer said.

"This does not mean that the people of Ada are not human, and do not feel for the needy and fallen but that other and better methods than exhibiting on the streets are found for them," he pointed out. "Knowing this, the people are wont to pass them by, or in some manner take them from the streets and if possible relieve their condition. Most people are willing to help, but a great majority prefer to put their charity money with a 'credible' charity organization where it will be used to the best advantage."

Officers were of the opinion that Ada already has all she will be able to take care of this winter in the case of helpless and efforts will be made to keep others from flooding the city. It is believed that those who are here will be taken care of bums, parasites and the "unworthies" have learned that Ada is not good "picking," officers declared.

TEACHER WHIPS WRONG TWIN FOR MISCHIEF

(By the Associated Press)
MIAMI, Sept. 30.—Robert and Raymond Peay, young twins looked so much alike that their teacher yesterday punished the wrong twin. When faced by his mother and Raymond, the innocent twin, the erroneous lad confessed and now faces the first punishment he has earned.

Oklahoma Weather.
Tonight and Saturday fair, warm.

Oldest Man Married

PARIS, Sept. 29.—Zaro of Constantinople, 146 years old, and the oldest man on earth, has married for the fourth time. His latest wife is a beautiful Turkish girl, 25 years old.

Other peculiarities of Zaro, nicknamed "King of Life" are: Worked ninety years as a street porter, quitting for another job at 110.

Became porter in a munitions factory at 111 and still holds the job.

Lost his teeth at 109 and then grew an entirely new set of both.

Developed third kidney at 105.

Gets angry with his 96-year old son because he will not work, but "sticks around the house."

MINERS WILL SEE LEADER ARRESTED

Throng of Workers Gather
To Watch Howat and
Dorothy "Off to Jail."

(By the Associated Press)
COLUMBUS, Kan., Sept. 2.—Alexander Howat and August Dorothy, president and vice president of the Kansas Miner's Union, are to appear in court this afternoon when attorneys will file papers in connection with their case. Immediately thereafter it is expected that the two miner's union heads will be taken to the Cherokee county jail to start a six month's sentence for violating the Kansas Industrial court law by calling a strike.

Coal Mines Idle

(By the Associated Press)
COLUMBUS, Kan., Sept. 30.—Hundreds of Kansas coal miners were here this morning to see Alexander Howat and August Dorothy, their president and vice-president, "off to jail."

Special interurban cars brought loads from camps in Crawford and Cherokee counties and many other miners came in motor cars. At 8:30 o'clock, a half hour before the time set for Howat and Dorothy to surrender themselves or continue their liberty by perfecting their appeal to the Kansas Supreme court, about four hundred miners were scattered around the square. The courthouse was closed, guards being stationed at the doors.

U. S. ORDERED TO STOP PAYMENTS TO IRISH

(By the Associated Press)
CHICAGO, Sept. 30.—Stephen M. O'Mara, financial representative of the Dail Eireann, Irish republican parliament today announced that the collection of funds in this country for the use of Ireland has been ordered stopped. The only exception made in the drive by the Irish relief commission, whose campaign for funds is practically complete.

Miss Essie Crawford of Roff was a shopper here for a short time Thursday afternoon.

Sixty-Nine Strikes Now Is Record Says Davis' Report Today

(By the Associated Press)
WASHINGTON, Sept. 30.—There are 69 reported strikes in the country at this time, a greater number than has been on simultaneously since the war, the secretary of labor said today. The secretary attributed wage reductions as the cause in most cases, remarking that building and masonry were the particular sources of industrial troubles.

Federal mediators, Mr. Davis said, are being kept busy in an endeavor to bring about adjustments while in a number of cases the department has been able to get voluntary agents to represent the government in particular disputes.

KILLER APPEARS GAY UNTIL LAST

Triple Murderer Hums Popular Song Until Trap Snuffs Out His Life.

(By the Associated Press)

CHICAGO, Sept. 30.—Singing a popular song, Carl Wanderer, convicted of the murder of his wife, her unborn babe and a ragged stranger whom he had hired to stage a fake holdup, was hanged at the county jail at 7:19 o'clock this morning.

Wanderer walked to the gallows with a firm step and as he took his place on the scaffold, repeated a short prayer after a minister. Asked if he had anything to say, he replied in the affirmative and as a shroud was adjusted, in a clear voice he started the song, "Old Pal, Why don't You Answer Me?"

He was singing when the trap dropped. The crime for which Wanderer was hanged was the murder of Edward J. Ryan, the "poor boob," a West Madison street vagrant whom he had hired for \$5 to stage a fake hold-up, and then killed. Wanderer was also convicted of the murder of his bride of less than a year and her unborn child, but jurors in the case fixed his punishment at 25 years imprisonment.

Mrs. Wanderer and the "poor boob" were murdered in the hallway of the Wanderer apartment house in June, 1920. Mrs. Wanderer's mother, attracted by the shots found her daughter dying and Wanderer seated astride the body of the "poor boob" methodically beating his face with a gun.

Wanderer said the stranger had attempted to hold-up his wife and him in the dark hallway and that when he drew his gun, the stranger shot Mrs. Wanderer and that he instantly killed the holdup man. Police believed his story and praised his aim.

Gun Is Traced

Quietly, however, they began tracing the stranger's gun in an effort to fix his identity. From the maker's factory, the trail led to a Chicago hardware store, to a customer, and from him to Wanderer's cousin. The cousin, arrested, admitted sending the gun to Wanderer on the day of the shooting. Wanderer was then arrested and confronted with the charge that he had carried both guns used in the shooting. After days of grilling he signed one of the most remarkable confessions in police annals.

Growing tired of his family, he said, he decided to get rid of his wife and her expected child, so he could return to the army in which he had served as a lieutenant during the war. On West Madison street he hired a vagrant to accompany him and Mrs. Wanderer in the hallway, explaining he wanted to play a practical joke on his wife. When the vagrant approached, Wanderer with his own gun in one hand and his cousin's in the other, shot both the "poor boob" and his wife.

Reputed Confession

Later Wanderer repudiated this confession and it was his trial for the murder of his wife the jury found him guilty, but the punishment was fixed at 25 years in the penitentiary. When he was subsequently brought to trial for the death of the "poor boob" the court admitted the confession and the death penalty was assessed. The execution was postponed several times by insanity hearing and other legal maneuvers.

POLICE LOOKING FOR GUNS TAKEN FROM ADA STORE

Police today believe they are nearing the end of a search for a man charged with receiving stolen property, the case having come up as a result of two small boys disposing of stolen rifles to the man. The boys, finding a back window of McKendree's hardware store open last Monday night, entered and secured two rifles.

Police, on being notified, began a search for the boys, only to learn that they had disposed of the rifles to a man. The lads were given a chance to locate him and it was generally expected at police headquarters today that the man would be located in a short time.

Considerable trouble is being encountered by the police in locating stolen property as there are men in the city who will buy stolen chickens, groceries and other goods from boys and dispose of them, they said. Only in a few instances have they been successful in bringing such men to justice, but the police judge declared today that efforts would be made to bring more of them to justice and to make the penalty as heavy as possible.

DEBATING THE TREATY

Senator Lodge did not shine in opening the discussion on Saturday of the new treaty with Germany. He went wearily about a task laid upon him as leader of the republican majority in the senate. As such it was expected of him to praise the administration and defend the treaty for the space of two hours, and he did his duty manfully but dispiritedly. He urged speedy ratification, gravely arguing that this would hasten the recovery of business, though he and every senator must have known it to be utter non-sense. Then Mr. Lodge walked delicately around the question of working together with other nations in carrying out the Versailles treaty and dealing with the sequels of the war. He asked plaintively why we should suddenly dread that kind of international undertaking when in other years we had found it both innocent and useful. Thus does the Massachusetts Senator seek shamefacedly to try to undo a part of the mischief he did in 1919 and 1920 by spreading abroad the notion that association with European countries was to be avoided like the plague.

In a brief and merely introductory speech by Senator Borah the nature of the new treaty was clearly set forth. It has no real life and effect except in and through the Treaty of Versailles. It contains no contract with Germany save as it may be executed by the consent and co-operation of the Allies. That this is both the law and the fact in regard to the new treaty has been tacitly admitted by the state department in its announcement of intention to negotiate treaties with England and France and the other allied nations, in which they shall assent to our separate interpretation of our rights and privileges under the Versailles treaty.

The senate debate will be of value if it sinks these fundamental truths into the minds of the people. There has been a good deal of false representation of the new treaty as cutting loose entirely from the Treaty of Versailles. Senator Borah will see to it that this matter is set right. The democratic senators more public spirited and less meanly partisan than the Republican senators last year, do not threaten capacious opposition to the treaty. They merely wish to discuss it until it is clearly understood by all. This is not only right but their duty.—New York Times.

On next Sunday afternoon a drive for clothes suitable for use by those who are unfortunate is to be made. It is necessary that the United Charities have these things in order to keep some of the people from actual suffering this winter. If you have some clothes or shoes about the place and are not certain that you will use them, then put them out Sunday afternoon for the charities.

There is no need to obscure facts. There are many people here who are unable to get work and will not be able to get work this winter. There are widows with children who are unable to get enough food and clothing to keep warm and healthy. These must be looked after. Every other city in the country is having the same problem, and many of them are in worse condition than Ada. We are not expecting to take care of those who come from other places, except in rare instances, but women and children must not be permitted to suffer.

It is true there are leeches, professional beggars going about the country and asking for alms. There are some who have come through Ada after having obtained all they can from other towns. There are many hereabout who do not want to work, so long as they can get enough to keep soul and body together without work. These we have with us always, and for them we have little pity. But there are others who actually want to work and cannot; who hate to beg but have to; who are the victims of circumstances. These we must look after. We must have food and we must have clothing and we must have money.

Charity begins at home.

One of the greatest forward steps in modern education is the extension work carried on by nearly every college and university. Perhaps all cannot attend a college, but through this system of correspondence courses there is no reason on earth why one cannot get a college education, or at least qualify himself in some special line. It is just a matter of effort. Think how Abraham Lincoln would have embraced such an opportunity. With a course of this kind offered him it needs no stretch of the imagination to realize that in a few years he would have secured a splendid college education. Many a self-educated man would have rejoiced at such a chance, but today we sometimes find boys bemoaning their hard lot in life and yet not energetic enough to take advantage of the opportunities that are knocking at their doors.

We wonder if the train bandits who robbed the Santa Fe fast mail Wednesday night will be in the race for governor next year, or if they will choose to make a few hundred thousand in the movies.

The Kernel in the Nut of Unemployment

(Wichita Daily Times)
There may be interesting discussions in President Harding's unemployment conference but they must always come back to the big fact that there is industrial depression in this country and that there will be no great improvement in the employment situation until business activity is revived. And business revival awaits the reduction of taxes and the settlement of international problems, including that of the loans to foreign countries. Business awaits to learn where it's at before it revives.

The St. Louis Globe Democrat emphasizes this feature. It says: "If the revival of business can be quickened the problem of unemployment will solve itself. It is, therefore, a business problem rather than a labor problem that has to be attacked, except in so far as the co-operation of labor toward the revival of business is essential to its solution. The problem of business restoration can be solved only by clearing the way for the operation of natural economic laws. We can accomplish nothing by attempting to establish new laws to take the place of these laws which cannot be abrogated, nor can we make effective any remedial measures that run counter to them. We are financially sound, as Mr. Harding says. There is no lack of money in this country, and there is no money in the world of as high value and purchasing power. Yet we are confronted by extraordinary unemployment growing out of business depression. And that depression is the consequence of doubt, a well-substantiated doubt, which in itself is the result of uncertainty. For business, in the great economic convulsion, has lost its compass, and is marking time while waiting for the clouds to clear sufficiently to reveal a guiding star. With such a star, and its assurance of direction, confidence will be restored, and with confidence will come activity. Even now there is more light and there are many signs of an arousing energy in business. It may be the good fortune of this conference to show the star, and even to return the compass that was lost.

"One thing is sure, it cannot be a new compass. North is still north and east is east, and the economic laws of nature run in the same direction as heretofore. Business and all the elements of business—production, industry, sale and distribution—are still the inevitable subjects of supply and demand. Stimulate demand by clearing the obstacles to production. That is the task of the conference, and it must be admitted, it is no easy one. Yet, unless it finds a way to free the impediments to constructive effort and to individual enterprise unless it finds a way to restore confidence, it can accomplish little or nothing of value. For employment, we repeat, depends absolutely upon the revival of business activity, upon the increased and energized flow of blood through the arteries of commerce. It is a great task, but with the trend of events and of conditions already reaching upward there is ground for hope for concrete results that will be beneficial."

RELENTLESS WAR IS MADE ON BAD CHECK

(By the Associated Press)
OKLAHOMA CITY, Sept. 29.—Plans to eliminate as nearly as possible the professional and semi-professional check artist from activity in Oklahoma, especially with the credit dealing firms, are to be formed at the first annual convention of Oklahoma credit dealers, in Oklahoma City, October 17 and 18, according to Henry Martin, a director of the Oklahoma City Retail Credit Men's association.

The association recently issued a call for the meeting, to credit men over the state, and the response has been good, according to Martin. He stated that a permanent organization will not be formed at the convention, however, as it was believed local organizations affiliated with the national one should be sufficient.

At the meeting, participation of credit accounts in the activity of stable finances for state firms is to be discussed, with a view toward exchange of information between competitors so that one delinquent account must be fully closed and fully paid up by the customer at one store, before he can open an account on credit at that man's competitors.

Consideration of credit statistics is to be one of the features of the meeting, the directors of the Oklahoma City association said, with a view to putting in the hands of each credit dealer in the state certain invaluable statistics regarding credit associations and situations, which change constantly.

Numerous suggestions for credit conferences have been made according to the men who discussed the convention call, many credit dealers having trouble in locating persons who move about from one city to another, leaving credit accounts unpaid. It is hoped to eliminate this condition through the direct exchange of credit information, directors said.

Secretaries of nearly thirty merchandise and mercantile companies of Oklahoma have responded it was said, and a program is to be announced soon. Several nationally known credit dealers have promised attendance, they said.

Why not rent that extra bedroom and have a steady income? Let the News want ads get a roomer.

BIG QUANTITY OF GUARD EQUIPMENT RECEIVED TODAY

More than 11,000 pounds of equipment, comprising the first big consignment of material for Ada's Battery "B", Oklahoma National Guard, was delivered Friday morning to Capt. Robert Kerr, battery commander, from the United States Quartermaster's department.

The equipment, which included everything inanimate to be used by the battery except guns and heavy ammunition, will be stored at Captain Kerr's office temporarily, at least until adequate headquarters can be established at the Fair Grounds. Horses and guns are expected to be shipped for use of the battery within a short time.

Material received this morning included 13 boxes of artillery harness, 9 boxes of ordnance supplies, 14 bales of pyramoid, or squad tents, brushes and equipment for the care of horses, 20 boxes of uniforms which include two suits each for 110 men, one of cotton and one of olive drab, 3 bales of other clothing, 7 bales of blankets, 1 box bugles, slings, tape, whistles and sundry accoutrement for a battery, 70 bundles of cots, and two bales of individual "pup" tents.

Barring delay in unpacking this immense amount of battery materials, uniforms will be issued to guardsmen of the Ada battery at their regular drill period next week, Captain Kerr said this morning.

This big shipment was the second consignment to Ada, the first being office supplies and accounting records for use of officers. As proof that nothing was overlooked in sending the equipment, Captain Kerr cited the fact that two army stretchers were received in this morning's shipment.

Let a News Want Ad get it.

OCTOBER 9 IS NAMED FOR ANTI-FIRE DAY

October 9 has been officially designated as fire prevention day by Gov. J. B. Robertson, according to a proclamation received here Friday morning.

Following is part of the governor's statement:

"During the war we learned a great many very important economic lessons, but the pity is that we are prone to forget them. In the stress of that fateful catastrophe, our eyes were opened to the fact that we were a careless and wasteful people, and we were made to see that we must gird our loins and husband all our resources if we were to play the master's part in that titanic struggle. In the investigations made by the federal government into the sources of national waste it was found that the destruction of life and property by fire was the one stupendous drain on our vitality as a nation that would imperil success. Fire prevention campaigns were at once inaugurated on a large scale. Minute Men sounded fire warnings from every platform in the land. The results were almost magical, for notwithstanding that we had many enemy aliens within our borders with evil designs in their minds, and torches in their hands, the first waste of the United States was reduced more than one-half. It was clearly demonstrated that the people could be aroused to prevent fires, at least, in a great emergency. But when the war was over we commenced to relax in care and vigilance, and as a result, fire losses increased by leaps and bounds, until, in the year 1920, they reached the huge sum of \$500,000,000 in the United States. This mighty toll taken by needless fire will weaken and exhaust our country. We must take up anew the fight against it, for in these reconstruction days, filled as they are with the trials of deflation, we need the full strength of our resources to hasten the day of deliverance.

"Therefore, I hereby designate the 9th day of October, 1921, as Fire Prevention Day, and I earnestly urge our people to enter into its spirit and meaning, to the end that we may be spared the sorrows of death by fire and the loss of resources that are much needed in these trying times. A great number of towns and cities, Oklahoma City among them, will devote the entire week, commencing October 3rd, to the task of awakening a strong fire prevention sentiment in their respective communities.

"It is well to remember that the people of a state are properly regarded as one family. For weal or for woe, they have cast their lot together. It is their home, and there is a command to yield it honor and fealty. There is a duty to uphold and uphold it, and to protect its resources from every force that would devastate them."

HARDING URGES SILENT PRAYER FOR SOLDIER

(By the Associated Press)
WASHINGTON, Sept. 30.—American people were called upon by President Harding in a proclamation issued today to offer a silent two minute prayer at noon on Armistice Day, November 11, when the body of an unknown American soldier killed in France will be laid to rest in Arlington National cemetery.

Irish Accept Invitation.
LONDON, Sept. 30.—Eamonn de Valera today sent a communication to Premier Lloyd George accepting the invitation to a conference in London October 11 with a view to a settlement of the Irish question.

"GIVE ME A GUN ON A FALL DAY," SAYS LOCAL BOY

When there's a snap of fall in the air and the call of approaching autumn-time is lingering around, the spirit of out-of-doors calls loudly to duck hunters to pull their old shot-guns down off pegs and wipe them up a bit for old time's sake.

And even on a college campus, the coming of fall does not fail to find those who would stake their whole chance of a semester's advancement for an opportunity to "sneak-up" on a bunch of ducks before the mists of a fall morning rise.

The lure of the duck pond came back again today to one of these, Welborne Hope, son of Mr. and Mrs. Tom Hope of this city, and president of the senior class at the East Central Normal. Hope is only 18 years old and is the youngest president of a normal school senior class in the state, it is believed. Here is how he expresses the feeling:

Arrival of the Harbinger.
The wind's in the north and the clouds are thick;
Mallards in air, sure-winged and quick!
Bring me my gun, and my soul's at ease,

Pottin' the teal-duck, just over the leas.

New fever bursts forth in valves of my heart,
And thoughts are amuck in scholarly art,
Of building tall blinds, and traipsin' the sedge

All for one shot on the mill-pond's edge.

Season's sure near when the leaves are fallin',
Flowers all droopin', and mallards callin',
Yonder's a redhead, leadin' the rest, I'd love a crack at his shimmerin' breast!

Number four shot in the old choke-bore,
Gay-plumed epitomes comin' in by the store!
Surround me with willows, cover me with reeds,
And I'll have all that a good hunter needs.

—Welborne Hope.
Sour stomach, belching, wind in the bowels and constipation, can be corrected by taking a dose or two of Prickly Ash Bitters. It is a man's remedy for such ailments. Price \$1.25 per bottle. Sold by Gwin and Mays.

127 West Main

Fall Fashions for Little Folks

Fashions for grown-ups are no longer the sole consideration of style authorities—not by any means. Coats and frocks for the little lady from two years on, are subjects occupying the minds of experts in design these days. The new fall displays are crammed with little models that are quite as smart, fully as correct as mother's and sister's and—even more interesting.

Little Girls' Winter Coats

More than commonly attractive, they seem this season. Made of wonderfully soft bolivias, polo cloths, broad cloths, and wool velours with little velvet models all prettied up for dressy occasions. They're mostly flared effects, quite full and wrappy and make her little serene highness look like a hugable Christmas doll.

Smart Serge Dresses in New Fall Modes

Natty French serge dresses, in regulation middy styles—plaid skirts, in navies and plaids; ages 7 years to 16 years.

Children's New Sweaters

Hand made and hand loom Sweaters, attractive light colors and combinations, slip-over styles for girls up to 14 years.

"SWAMP CHILL TONIC DOES THE WORK!"

Arkansas Merchant Highly Praises Famous Old Remedy

J. W. Mustain, Dealer in General Merchandise, Old Grand Glaize, Ark., sells a lot of Swamp Chill and Fever Tonic. The reason he sells a lot is expressed in a letter he recently wrote us, which says: "Swamp Chill Tonic sure does the work. I certainly want to thank you for your fair dealings."

John C. Rogers, Center, Tex., says: "I have sold your Swamp Chill Tonic for years and it is my favorite tonic. I always recommend it, because of its fine laxative properties."

Dealer C. E. Miller, Berntee, La., says: "I handle all the standard chill tonics on the market, but sell ten bottles of Swamp Chill Tonic to one of any other kind. After a customer has used it once he or she will use no other kind."

"Thousands of other dealers in many different towns and cities strongly recommend Swamp Chill Tonic to their customers as the very best malaria remedy on the market. 60 cents a bottle—get one today." D-25c

IN SOCIETY

Glenwood Boys Meet
Boys of Glenwood school between the ages of 8 to 11, both inclusive, will meet tonight at 7 o'clock at the school building for the purpose of forming a pack of Wolf Cubs, junior Boy Scout organization. Every boy of the school within this age limit has been requested to be out. Instruction for proficiency tests together with games will be given tonight. Training for good American citizenship is one of the principal aims of the Wolf Cub organization.

Reports from the high school committee appointed to look after entertainment to be given on the high school campus this evening for all school patrons show that the committee has practically completed its work and everything is ready for a great time. The program prepared, although not given in full, will include several numbers by the band and short addresses.

Districts 1 and 2 of the Baptist Missionary Society were hostesses at an entertainment given this afternoon at the home of Mrs. S. H. Mount, 823 East Tenth street. Guests, which included all the members of the Ada society, began arriving at 3:30 and a most delightful afternoon was enjoyed.

Program Put Off.
The Musical program that was to be given tonight at the Christian church has been postponed until next Friday night because of the high school entertainment, it was announced this morning.

Mrs. R. M. Robison and children arrived here Thursday from Keota to be with Mr. Robison who is in Ada under medical treatment for some time.

Mr. and Mrs. Byron Norrell are spending today in Oklahoma City attending the state fair and participating in "press day" activities.

Misses Helen and Marguerite Harrison of Muskogee are here to spend the week-end visiting relatives and friends.

All young people are cordially invited to the Senior B. Y. P. U. party at the First Baptist church, Friday night at 8 o'clock.

In The Oil Fields

The Producers and Refiners well in the nw. nw. of Section 6-3-6, is underdrilling today and drilling has been suspended for several days, according to word from the field. Last reports from the well gave the depth at 1865 feet.

Victims of Hold-Up In Capital Accuse Local Man, Is Word

Bill Driver of Ada was identified by victims of a holdup of a crap game on the north bank of the Canadian river, north of Packer-town, Oklahoma City, as the robber who held up members of the party, shooting one man, Henry Stark of Oklahoma City, and taking \$26 from his victims, according to reports received here today. The robbery is said to have occurred about 7:30 Thursday night, and members of the party who knew Driver said the robber was he.

Stark was shot in the right hand, it is said, and has been in a hospital at Oklahoma City since the shooting. County authorities had not been able to catch the hi-jacker.

DRYS THROW OBSTACLE INTO TREATY PROGRESS

(By the Associated Press)
WASHINGTON, Sept. 30.—Champions of the anti-beer bill today threw an unexpected obstacle into the path of the senators leading negotiations for a vote on the German, Austrian and Hungarian peace treaties October 14. The "drys" insisted that the provisions for voting on their measure also be made.

WASHINGTON, Sept. 30.—Advocates of the anti-medical beer legislation today temporarily blocked the progress of senate leaders for a final vote October 14 on the ratification of the German, Austrian and Hungarian peace treaties, but withdrew their objections and leaders on both sides said the voting date would probably be fixed later in the day.

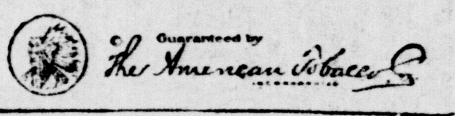

Miss Gladys Roberts of Hugo was in the city during the past week visiting friends.

GENUINE "BULL" DURHAM

tobacco makes 50 good cigarettes for 10c

We want you to have the best paper for "BULL." So now you can receive with each package a book of 24 leaves of BULL—the very finest cigarette paper in the world.

ROME MOST EXPENSIVE BIG CITY IN ALL ITALY

(By the Associated Press)
ROME, Sept. 30.—Rome is still the most expensive large city in Italy. According to the latest figures published on the cost of living, the Eternal City is 19 per cent dearer than it was in 1920. This, however, is a diminution of the cost of living during the past months when during March, the cost of living soared as much as 30 per cent higher than last year.

The other expensive cities are Milan, Florence and Turin which are today about 18 per cent over the 1920 figures. Venice and Trieste are but eight percent over the figures of last year.

Do you want to buy meat or eggs or butter direct from the farm? Find a farmer to supply you by advertising in the Ada Weekly News. They all read it.

A Large and Diversified Selection of Men's Suits and Overcoats

Let us help you to pay less and dress better. That's our business. And it's your business to get the most for your money. No matter what type of figure you may have, we can fit you in a Stein-Bloch, Schloss, or one of our splendid quality materials.

GOODNESS, WORTH, EXCELLENCE

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health Because she took Lydia E. Pinkham's Vegetable Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache and tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took

four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day. It surely put life and 'pep' into my system."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Michigan.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

NORMAL NOTES

Distinguished Visitors. The Normal has been favored with visits from several distinguished educators this week, two of which were members of the state board of education, Dr. G. W. Autin, Supt. T. T. Montgomery, both of Chickasha, Dr. James P. Battenberg of Alva, Hon. W. J. Marshall of Hugo, member of the board and Miss Maud Richmond of Oklahoma City were among those visiting the school.

Pilgrims and Natives to Meet Again This Summer to Present Pageant of Country's History

(By the Associated Press)

PLYMOUTH, Mass., July 12.—Pilgrims and Indians will meet again on the shores of Plymouth Bay this summer, central figures in a pageant to celebrate the tercentenary of the Pilgrims' Landing. The pageant, which will depict scenes from the legends of the Norsemen, the chronicles of the colonists and the history of the World War, is being prepared as the feature event of a program of observance to which latter-day Plymouth has given over its entire summer.

A moon just past the first quarter on the night of July 13, will look down on strange sights, and the murmur of the breaking waves driven inward by the high tide will serve as a soft accompaniment to unwonted sounds. Helmeted Vikings, adventurous mariners of England, Holland and France, gaily clad courtiers of King James, Puritan burghers will pass and re-pass on land and water. Out in the harbor the little ship Mayflower will swim at anchor and a great Norse galley will cut the waves. Voices uplifted in speech and song and music from a hundred instruments will aid in carrying an audience of thousands back over the centuries.

400 Actors To Play
All of this and more will be seen and heard in the first production of the pageant for which fourteen hundred men, women and children of Plymouth and the little country towns nearby have been rehearsing at feverish pace under the direction of George Pierce Baker, professor of dramatic literature at Harvard University. The pageant was devised by Dr. Baker as the great public event of the celebration of the tercentenary of the landing of the

ma City were among those visiting the school.

Assembly Monday.
An assembly was held Monday in the auditorium and four addresses were delivered to the student body. Dr. G. W. Autin, president of the Oklahoma College for Women at Chickasha, and Supt. T. T. Montgomery, head of the Chickasha schools, delivered addresses. Dr. Autin's address was of an inspirational nature mixed with considerable humor. This talk was highly appreciated by the students. Mr. Montgomery spoke briefly on the progress of the school and commented on its rapid growth since his last visit here.

Association Organized.
Definite plans were made yesterday to form an association of students and teachers to be known as the East Central Association with its purpose to increase the attendance at the Normal, promote the good will of the people toward the school and give wholesome publicity to the Normal.

It is planned eventually to enroll every teacher and friend of the school in the district in this association.

Play Wednesday Night.
"When Mr. Brown Comes Down" will be presented by members of the senior class at the Normal Wednesday evening in the auditorium. The plot of the play is woven around Miss Rebecca Luke, a maiden lady who is thinking of turning the upper story of her home into a resort for destitute cats. The idea does not meet with the approval of her niece and nephew, or any of the servants.

How Mr. Brown, clerk for Benson and Benson, takes things in hands, gets confused, and the end for the best makes an excellent layout for a two act comedy-drama. Those who will take part in the play are William Riddle as Phillip Rayson, W. K. Newcomb as Robert Brown, Jesse Hodges, as Jenkins the butler to Miss Rebecca Luke, Dorothy Wag-

Pilgrims at Plymouth on the 21st of December, 1620.

The celebration was opened in a more formal way and with an audience necessarily limited on the precise anniversary in December last, when a commemorative oration was delivered by Senator Henry Cabot Lodge. The tercentenary commission reserved for a season less uncomfortably reminiscent of the hardships of the first Pilgrim winter, the out-of-door features. The exigencies of the pageant require a tide condition available at only three periods of four days each this summer. The pageant therefore will be given on the night of July 13 and the three night following, the four nights beginning on July 30 and four beginning on August 10.

President To Attend
It is expected that President Harding will be the guest of the commission on August 1 and will view the pageant that night. In possession of his promise to come here at that time unless prevented by the pressure of public business, the commission is laying plans to care for the greatest throng the old town has ever seen. The presence of a modern armada of American naval vessels in Cape Cod Bay at the same time will be a further magnet to tourists.

The somewhat archaic canopy which bent its arches over Plymouth Rock for a long period and which has been familiar to many generations of school children thru the illustrations in their history books was removed this year. The rock, split by frost and previous movings, was carefully rejoined and restored to its original place on the shore of the harbor. An architectural background and a landing stake will make the approach to the rock impressive and beautiful.

goner, as Miss Rebecca Luke, a maiden lady, Pearl Lane as Katherine Rogers, her niece, Lena Slover as Marion Bryant a friend, Agnes Hall as Patty, Miss Rebecca's maid.

Faculty Meets.
A meeting of the regular faculty was held at 2 o'clock Monday afternoon at which time plans for the work of the coming year was discussed. Most important, among things were the new rural school education department and the enlargement of the sphere of correspondence study.

LODGES

A. F. & A. M.—Regular meeting of Ada Lodge No. 119, Monday night on or before the full moon in each month—John Thrasher, W. M.; F. C. Sims, secretary.

Veteran Sooner Grid Star Badly Injured In Early Scrimmage

NORMAN, Sept. 30.—The shoulder injury of Roy "Sol" Swatek, all Missouri Valley fullback last season, suffered in the first scrimmage of 1921 season Tuesday afternoon, may keep the veteran Sooner fullback out of the game the rest of the year, according to attending surgeons late Wednesday.

Ben G. Owen, University of Oklahoma director of athletics, ordered the varsity to scrimmage with the freshman booster eleven late Tuesday afternoon and sent his first string of regulars, including the entire eight former letter men, against Freshman Coach Hugh V. McDermott's husky squad of yearlings. Swatek was called through tackle for a crossback the second down of the scrimmage. When the mass of athletes cleared Swatek lay perfectly still.

Investigation disclosed that the star fullback had dislocated his shoulder and torn the sustaining ligaments severely. With careful treatment and no unforeseen developments Swatek may be able to get in the game within a month, doctors intimated.

SKIN TROUBLES May Defy Lotions & Ointments

Eczema, tetter and similar afflictions should be treated through the blood. Outside applications offer only temporary relief. The thing to use is S. S. S.—the standard blood purifier, which has successfully relieved such troubles for over 50 years.

Care As Old Fashioned Now As A Bicycle and World Is Going To Abandon, Ida Tarbell Says

(By the Associated Press)

BOSTON, Sept. 29.—Care has become out of fashion as much as a bicycle, while recklessness is as popular as an automobile, Ida M. Tarbell of New York told the delegates to the National Safety Council here last night.

"I am not here to talk about the new era of work which women in the war added to that already held," Miss Tarbell said, "but rather that it consider the possibility of rallying to the work of the Council a great body of women entirely outside of industry itself but responsive to appeals for public service and many of them organized in such a way as to focus power and influence quickly on tasks which appeal to their imaginations and to their hearts."

"The psychological effect of the present indifference to safety in our streets and on our highways cannot be ignored by industry. The wanton recklessness of the road dulls the attention and interest of the industrial worker, puts a premium on 'taking a chance'—care becomes as out of fashion as a bicycle—recklessness as popular as an automobile. That is, public safety is the great concern of industrial safety. The latter cannot accomplish its ends as long as the mental attitude it needs for its work is constantly weakened by wanton indifference to the former."

Woman Is Hope
"The woman power of the country must be enlisted. I do not know a finer job than to go after the two particularly organized women."

"I understand the feeling of certain women that a woman in industry section is what you may call a throw back, that women should be taken into the safety council not as women at all, but as industrial workers, regardless of sex. We have a long way to go socially, and in-

dustrially in this world before women will cease to be differentiated from men in all activities. Mother Nature will have to undo her work entirely before there will be no special problems connected with women wherever you meet them."

"It is the business of this section to handle whatever there is special in the problem, whether it is the best method of getting the obstinate girl at a dangerous machine to wear her cap, or having persuaded her to wear it, to keep her bangs tucked in; or whether it is the big and definite problem that I am suggesting, enlisting the women of the country, organized and unorganized in a public safety campaign."

"It is something of a job, and if it had not been for our experience with women's organizations in the war I should not feel so hopeful about it. That experience convinced me that the woman power of the country can be mobilized for permanent safety work, if this section of it will lead the way."

"Like a Fish to a Fly"
"Suppose that this section was able to rally each state to work of industrial and public safety all of the great women's organized associations, to persuade them to take up this work as a permanent interest, what a power we would have behind the National Safety Council. Properly put to them, they would rise to it like a fish to a fly. It is their kind of thing."

"If this council is going into public safety work, as I must certainly believe it is its duty to do, passing on to the public its splendid experience and achievement, it is going to need the women. And it ought to be the business of this section to help to capture them for this enterprise."

Paducah Druggist Tells Why Mendenhall's Chill Tonic Outsell All Others

"Mr. J. C. Mendenhall, Evansville, Ind. Dear Sir: You ask us if we are disposing of the one gross Mendenhall's Chill and Fever Tonic we have been purchasing from you monthly at retail as this is an unusual quantity for a retail druggist to buy. For your information, will state that our best physicians are prescribing your chill tonic almost daily with better results than quinine or any medicine used for malaria, chills and fever. We have a customer who was all run down, pale and emaciated and had a cough. Some physicians pronounced his case consumption. One of the doctors here prescribed a bottle of

your chill tonic. He took it with the best results and continued it for some time and is now entirely well. He had a cough and chronic malaria. We find upon inquiry that the jobbers here purchased 60 gross of your chill tonic a year which, with our purchases, amount to over 8,000 bottles a year, which are sold in the city of Paducah." Signed Lang Bros., Druggists, Mendenhall's Chill Tonic has all the properties of ordinary quinine without the bad effects, combined with glicerine, licorice and yerba santa, which makes it at once the best remedy for coughs, colds and grippe. Sold by Gwin & Mays Drug Co.

APE DEMANDS TO GET HER HOOTCH BUT IS REFUSED

Suppose you were in charge of a circus menagerie and had a chimpanzee that cried all day for "hootch" and a couple of pythons that had to have shower baths rigged over them to keep their skins from cracking, wouldn't you say you had some job? Well, Cheerful Gardner, who superintends the animal department of the Al. G. Barnes circus which is coming to Ada, Tuesday, Oct. 4 finds every day a busy one attending to the needs of these charges, which are recent arrivals at the circus.

Ben Parker, one of the assistant keepers, when he passed the ape cage recently, found Mrs. Tarzan shaking the bars and screaming something that sounded like "booze, booze." He quickly summoned Gardner.

"Yes, guess she's calling for hootch, but it's partly my fault," Gardner said. "You see when we were bringing her and the other members of the Tarzan family to the circus by train from San Francisco after their arrival from Africa, Mrs. Tarzan developed a case of cramps. After much trouble, and of course on a prescription, I got some brandy and gave it to her. She probably liked the taste and is crying for more. I don't know what to do to quiet her, but she'll have to get over her appetite for liquor as it's too difficult to obtain and also too expensive to give to any chimpanzee."

Two gigantic pythons, one 26 feet long, were received in the consignment with the monkeys, and they have given Trainer Gardner

much trouble. During the heat wave he found that the sun's rays were cracking the skins of the huge snakes, and he was compelled to contrive shower baths to keep them constantly wet. In addition to his other troubles his pythons have gone on a "hunger strike" and unless they develop an appetite soon, it will be necessary to resort to "forced feeding", an all-day job for several men. However, the pythons only eat four times a year, so he won't experience this difficulty again for some time.

ATTENDING TO CHICKENS AND GARDEN

"My neighbors are surprised to see me looking so well, for they thought I would not live to see summer. I had such pain around my heart as to cause me to faint. I knew it came from bloating and pressure of gas in my stomach. A friend in St. Louis told me to use May's Wonderful Remedy and I now feel better than in all my life. I am doing my own work, attending to my chickens and my garden and have cleaned house." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by Gwin and Mays and druggists everywhere (a)

Let a News Want Ad get it.

BIG CONFERENCE TO BE SCENE OF FIERCE BATTLES

(By the Associated Press)

CHICAGO, Sept. 30.—With the clash between Chicago and Northwestern furnishing the piece de resistance, nine of the ten football teams in the Western Conference will swing into action Saturday.

The Chicago-Northwestern clash will be the only game having any result in the championship standing. The other eleven in the conference will take the gridiron against minor colleges in what are regarded as practice games.

Michigan will open its season with Mt. Union at Ann Arbor. Wisconsin will go into action against Lawrence at Madison, Purdue will meet Wabash at Lafayette, while Iowa will take on Knox at Iowa City. Minnesota will open with North Dakota at Minneapolis and Ohio State will take on Ohio Wesleyan at Columbus. Indiana will take the field against Kalamazoo college, thus giving Coach Steinhart a second chance to test his eleven before the important clash with Harvard, Oct. 5.

Illinois Idle.
Illinois will be the only idle team in the conference. The Illinois will not open their season until Oct. 8 when South Dakota will be the attraction at Urbana.

Although a bit stunned by the unexpected defeat handed Northwestern last Saturday by Beloit, the Purple coaches have been taking hold this week in a determined effort to mold a machine into shape for the encounter with Chicago. Coach Elmer McDewitt, his assistants Elder, Putnam, Swatelle and Ferguson, started work Monday to correct the many fundamental errors their proteges showed in the Beloit contest. Following the ball, holding to it when once the man gets it, and vastly more punch in offensive play have been some of the principles the coaches have been instilling into the men.

McDewitt has been shaking up the team all week. There will be a new lineup Saturday against Chicago. It is hoped that several of the best men, now held idle by reason of classroom obstacles, will have been declared eligible before the game. McElwain, Bud Turner and one or two other performers would make a different machine of Northwestern, the coaches say. Henry Penfield, giant lineman, probably will play Saturday, although his wrenched knee is far from well. It is also likely that Chuck Palmer will catch the signals. Palmer and the other backs came out of the Beloit contest in fairly good shape.

Purple rooters will turn out by thousands for the contest, as the old-time rivals have not met on the gridiron for two years.

WOOD DUCK WILL BECOME THRIFTY IN STATE WILDS

(By the Associated Press)

OKLAHOMA CITY, Sept. 29.—The Wood Duck, said to be practically extinct by several sportsmen's guides, is being brought back into being in the wild lands and marshes of Oklahoma, according to Ben Watt, state game and fish warden.

The protection accorded this highly colored fowl from the hunter by state and federal government has caused it to seek a home again in the state from which it was driven several years ago, before the protecting game laws were passed, Mr. Watt said.

Here, near Coalgate, several broods of this species of duck have settled, this year, and are rearing their young.

Because of its extreme beauty, the Wood Duck, unlike the Teal and the Mallard, was shot and hunted not alone for its meat, but for purposes of decoration. The government, realizing the peril of the fowl, closed the forests to such hunting, but not until the Wood Duck had fled from the state.

Flying south, north and every direction from the state, few of these ducks have been for many years, and their appearance here is a pleasant surprise, according to Warden Watt.

Raising their families unmolested their beauty again is flashing thru the natural woods and streams, which also are under protection of laws; for the extermination of these natural beauties also had become a sport.

As soon as the ducks become settled and quiet, efforts will be made to locate them in the wild lands of Oklahoma's state game preserves, and for the states again to become the home of the "most beautiful duck," Warden Watt said.

WHY YEAST BUILDS STRENGTH

Run-down Systems Demand More Vitamines Which Are Now Found in Yeast. New Yeast Tablets Build up the Sick.

The human body is like over-worked farm land. Constant building of new tissues exhausts certain vital elements of the body, which are lacking in the average modern diet. These essential organisms are called vitamins, which, more than any other element, preserve our health, aid assimilation and furnish energy and vitality to the body. And how a great discovery has been made—yeast is rich in vitamins. Just this common substance, added to the regular meals, causes children to grow more sturdy, builds up run-down constitutions, and even removes the signs of old age. Yeast is also a splendid remedy for boils, blemishes, skin trouble, etc.

Countless experiments in great medical institutions have proven the value of yeast. Thousands are using it. But the great majority are taking the wrong kind of yeast. They use the common yeast cake, which is merely a make-shift, containing only about 20 percent of yeast and the rest starch and water.

Now the scientific way to take yeast has been discovered—a compound containing a concentration of liquid brewer's yeast, combined with vitamins such as iron, which are necessary to get the full benefit from yeast. From this formula a body of chemists have worked out the tablet called IRONIZED YEAST, which is not only more convenient to use, but costs only a trifle more by the dose than the common yeast. Each package contains 10 day's treatment and costs only \$1.00—or only 10c a day. IRONIZED Yeast is the scientific vitamin tonic treatment containing yeast in the most effective form. It is approved by medical authorities, is pleasant to take and will not nauseate. Users say that before they finish the first box they experience a wonderful benefit. Go to your druggist, get box of IRONIZED YEAST, and begin the treatment today. Special directions in the package for children.

Hemstitching, button making, pleating; phone 51; Ada Hemstitching Shop. 9-26-tf

IRONIZED YEAST Tablets

HIGHLY CONCENTRATED VITAMINE TONIC Made by the Ironized Yeast Co. Atlanta, Ga.

For a small amount you can advertise your stuff in the Ada Evening News and sell direct to the consumer. Why not get the middle man's profit?

Germs entering the body with the air we breathe are harmless if the stomach, liver and bowels are healthy. If these organs are torpid and full of impurities the germs thrive and bring on a spell of sickness. To keep the vital organs in good condition take Prickly Ash Bitters. It keeps a man in working trim. Price \$1.25 per bottle. Sold by Gwin and Mays. (adv)

50 CLOWNS WITH CIRCUS TO COME HERE OCTOBER 4

Bill Tate and Don Fortuna, two of the veteran fun-makers coming to Ada, Tuesday, October 4 with the Al. G. Barnes 4-ring wild animal circus. Both have been circus clowns for more than 40 years and have made millions laugh. The show carries 50 clowns.

Hemstitching, button making, pleating; phone 51; Ada Hemstitching Shop. 9-26-tf

If your brain don't work right and you feel tired and lazy, you may be sure your system is clogged up somewhere. You should take Prickly Ash Bitters. Men who use it know it is a thorough system tonic and bowel purifier. It invigorates and strengthens both body and brain. Price \$1.25 per bottle. Sold by Gwin and Mays. (adv)

Do you want to sell anything to farmers, rent anything to them, exchange with them? There is a certain way to get your message to them, send it through the Ada Weekly News.

Notice to Paying Contractors.

(Published Sept. 29, 30, and Oct. 1, 3, 4, 5, 1921.)

Notice is hereby given that, in pursuance to an order of the Board of Commissioners of the City of Ada, Oklahoma, sealed bids will be received at the office of the City Clerk of the said City until two (2:00) o'clock p. m. on the 11th day of October, 1921, for the furnishing of the materials and the performing of the work necessary in paving and otherwise improving, in the manner and subject to the conditions hereinafter set out, the following named avenue, in said City of Ada, Oklahoma, comprising Street Improvement District No. 9, to-wit:

North Mississippi Avenue from the north line of East Main Street to the south Right-of-way line of the St. Louis and San Francisco Railway, including all streets, intersections and alley crossings on the above described avenue in the City of Ada, Pontotoc County, Oklahoma.

The cost of such improvements on said avenue shall be borne and paid by the owners of property benefited by such improvements upon the said portion of said avenue hereby ordered to be improved.

The entire cost of said improvements on said portion of such avenue shall be apportioned to and levied and assessed against the abutting property liable to assessment therefor, and the owners thereof, in accordance with the provisions of the State Laws of Oklahoma governing same.

The plans and specifications for the improvement of the said avenue and portions thereof have been prepared by the City's Engineer, and include and set forth in detail all of the different materials and plans and methods of construction.

The class of pavement to be constructed shall consist of six (6) inch single course plain concrete.

The contract will be awarded to the bidder submitting the most advantageous bid, who will undertake and perform the work and furnish the materials according to the plans and specifications and who will also comply with the terms and conditions contained in the resolutions of the Board of Commissioners of the City of Ada, Oklahoma, declaring the necessity of and providing for the improvement of the above named described avenue. A copy of such resolution will be furnished to bidders upon application therefor, at the office of the city clerk.

The contractor to whom the contract may be awarded will be required to execute and furnish the city a good and sufficient Construction Surety Bond in amount equal to fifty (50) per cent of the whole bid, conditioned for the full and faithful execution of the work and the performance of the contract.

The contractor will also be required to execute and furnish the City a good and sufficient Statutory Surety Bond in the full amount of the contract running to the State of Oklahoma, which bond shall guarantee the payment of all bills for tools, machinery, rental, labor and materials used in or about the construction of said work. This bond shall be presented to the City at the same time as the Construction Bond, and, after being approved, shall be filed with the Clerk of the District Court.

The Contractor shall also furnish before the allowance of the final estimates and acceptance of the work

a Maintenance Surety Bond in amount of approximately three (3) per cent of the cost of the work, conditioned for the maintenance in good condition of the paving, curbing and drainage for a period of five (5) years from the time of completion and acceptance by the City.

Bids must be upon proposal sheets to be furnished by the City Engineer and each bid must be accompanied by a certified check on some solvent bank in the State of Oklahoma in an amount equal to five (5) per cent of the amount of the approximate total cost of the work, based upon the Contractor's bid. The Board of Commissioners of said City reserve the right to reject any or all bids, and bidders are cautioned to observe all the conditions set out in the specifications and bidding sheets.

Each bidder shall accompany his bid with a sworn statement in writing that the bidder has not, directly or indirectly entered into any agreement, expressed or implied, with control of the price and amount of such bids or limiting the number of bidders. No bidders shall divulge sealed bids to any person whatever except those having a partnership or other financial interests with him in said bid, until after the said bids are opened.

The violation of any of the foregoing provisions on the part of the bidder shall make void any contract made by him with said city based upon said bid, all as provided in Section 1, Article IX, of the Charter of City of Ada, Oklahoma.

Bids received as aforesaid will be opened and considered by the Board of Commissioners at a meeting to be held at the City Hall in the City of Ada, Oklahoma, at 2:00 P. M., on the 11th day of Oct., 1921. All bids are required to be placed on file in the office of the City Clerk for inspection for forty-eight (48) hours after opening before the award or rejection of bids can be made.

Complete plans and specifications can be procured from the Engineers, Benham & Mullergren, Consulting Engineers, 8th floor Firestone Building, Kansas City, Missouri, upon the payment of Ten Dollars (\$10.00). Upon return in good condition of all plans and specifications within two weeks after the date of letting a refund of Five Dollars (\$5.00) will be made. The plans and specifications are on file in the office of the City Clerk of the City of Ada, Oklahoma, and may be examined by all persons interested.

Dated this 27th day of September, 1921. W. B. JONES, City Clerk and Commissioner of Accounting and Finance.

(Seal) Benham & Mullergren, Consulting Engineers, 8th Floor Firestone Building, Kansas City, Missouri. 9-29-6td

MRS. OGDEN DREADED TO SEE NIGHT COME

"Tanlac is as different from every other medicine I ever tried as day is different from night," said Mrs. Bessie Ogden, 1126 Fourth street, Oklahoma City, Okla.

"Only people who are confirmed dyspeptics can realize what I suffered. At times I was in such agony I thought I couldn't live another hour. I dreaded for night to come because I knew I must lie awake for hours suffering and worrying about my dreadful condition. I was as tired and worn out in the morning as when I lay down at night, and I was never able to do my housework."

"This grand Tanlac had me feeling like a different person in a short time. I eat hearty and enjoy every meal and sleep like a child every night. I am full of life and energy now and my strength is wonderful. I'll always praise Tanlac."

Tanlac is sold in Ada by M. A. Waits and leading druggists every where. (adv)

LIVING COST CHEAPER IN UNIVERSITY TOWN

NORMAN, Sept. 30.—University students have found the "high cost of living" is not quite so high here as it is in other cities of the state, according to class leaders.

Furnished rooms can be obtained for \$10 to \$12.50 a month and meals for \$25.

DISTRICT SCOUT MAN HERE TODAY

Regional Executive To Meet Local Council To Talk Important Plans.

The annual meeting of the Pontotoc county council of the Boy Scouts will be held tonight at 7:30 in the parlor of the Harris hotel, according to an announcement this morning from Ord Busby, president of the council, and Harry W. Miller, chief scout executive. James P. Fitch of Dallas, Texas, regional scout executive, will be present to discuss scout work in this part of the country.

Mr. Fitch has charge of the organization of first class scout councils and also general supervision of all Boy Scout work in Texas, Oklahoma, Arkansas and Arizona.

Visiting scoutmasters from several points in the county are expected to be here tonight to attend the meeting. Important plans for continuing Boy Scout work in the county and a definite program of work for the next month will be outlined at the conference.

Nine scoutmasters attended a luncheon last night at the Harris hotel to formulate plans for a more extensive scout organization in Ada. They are H. E. Hamilton, Paul Carson, W. Goyno, Prof. E. E. Emerson, Prof. J. H. Hodges, A. D. Bolton, N. S. Pitts, H. W. Miller, and D. T. Bradshaw. Beginning Monday evening a troop of scouts will be organized in ward schools of the city. Monday evening Hayes school boys will be organized with E. E. Emerson as scoutmaster. Tuesday evening a troop will be formed at Willard school under the direction of A. D. Bolton and Paul Carson. On Wednesday evening Prof. J. H. Hodges and H. E. Hamilton will organize boys of Washington school. A troop of Boy Scouts will be formed at Glenwood school as soon as a scoutmaster can be secured. Mr. Miller said this morning.

Organization of boys at Irving school is already under way. Twenty-five Boy Scouts from Francis, under Scoutmaster Claude Fisher and Prof. Treadwell of the Francis schools are expected in Ada tonight to spend the night at the local Boy Scout lodge near the old city reservoir.

Organization of boys at Irving school is already under way. Twenty-five Boy Scouts from Francis, under Scoutmaster Claude Fisher and Prof. Treadwell of the Francis schools are expected in Ada tonight to spend the night at the local Boy Scout lodge near the old city reservoir.

LEGION MEETING TO PRESENT BIG CROWD

KANSAS CITY, Mo., Sept. 29.—The greatest gathering of World War leaders and veterans since the Interallied Victory celebration in Paris, July 14, 1919, is expected at the third annual convention of the American Legion in Kansas City, Oct. 31 to Nov. 2.

The list of distinguished guests includes Marshal Foch, General Pershing, Admiral David Beatty, commander of the British fleet, General Armando Diaz, command-

Lieut. Gen. Aron Jacques, head of the Belgian army, Admiral William T. Sims and Maj. Gen. John A. Lejeune, commandant of the U. S. Marine Corps.

Tentative acceptances have been received from President Harding, Lieut. Gen. Aron Jacques, head of the Belgian army, Admiral William T. Sims and Maj. Gen. John A. Lejeune, commandant of the U. S. Marine Corps.

The first annual convention of the Women's Auxiliary will be held at the same time as the Legion convention. This is expected to draw more than 5,000 women. There are also annual reunions of the 89th and 35th divisions and a number of minor regimental reunions.

Medal Men Guests. Twenty-five wearers of the congressional medal of honor, the highest American award for bravery, will be guests of the citizens of Kansas City during the convention. Because of the unusual guests and the fare of one cent a mile granted by 16 railroads covering thoroughly the strong Middle West Legion area, the convention committee expects from 75,000 to 100,000 visitors. It has laid plans to take care of all who come.

If you have something to sell, why not advertise it in the Ada Evening News? That is the quick and certain way to reach the buyers of Ada and other towns of the county? Want ads do not cost much.

RED CROSS READY FOR RECORD MEET

Speakers Nationally Known To Address Convention At Columbus.

(By the Associated Press)

COLUMBUS, O., Sept. 30.—The National Red Cross convention which will convene in this city on October 1, and last five days, bids fair to be the most important of these gatherings that has ever been held even of more significance from Red Cross viewpoint than the meetings held during the great war.

Men and Women prominent in all walks of life are on the program to deliver addresses to the delegates.

Dr. Livingston Farrand, chairman of the Central Committee of the American Red Cross and president of Cornell University, will preside at a meeting October 4, when Dr. W. O. Thompson, president of Ohio State University will deliver the address of welcome. Gov. Harry I. Davis of Ohio and Mayor James J. Thomas of Columbus will welcome the delegates for the city and state. President Harding is expected to be the principal speaker.

Dr. Henry Noble McCracken, president of Vassar College, will preside at the Junior Red Cross meeting in the afternoon of October 5. "The Challenge of Childhood in America to the Red Cross," is the subject on which Miss Charl Williams, of the National Educational association will speak. Dr. W. W. Marquart, education agent for the Philippine Islands in the United States, will address the convention one "The Juniors at Work in Our Insular Possessions." Herbert Hoover, secretary of commerce will speak on "The Challenge of Childhood in Foreign Lands and What Junior Red Cross is Doing There," while Senator Frank B. Willis of Ohio, is to deliver an address on "The Future Builders of the Nation and Citizenship Training."

The evening meeting dedicated to America's obligation to her service men and women, will be presided over by Dr. Farrand and ten minute speeches will be delivered by such notables as Dr. Thomas E. Green, director of the speakers bureau of the American Red Cross; Major General LeJune, U. S. Marine Corps; Rev. Francis P. Duffy, chaplain 165th regiment; Mrs. Frank V. Hammar, chairman St. Louis chapter American Red Cross; Theodore Roosevelt, assistant secretary of the navy; Rabbi Stephen Wise, free synagogue of New York; W. Frank Parsons, vice-chairman in charge of domestic operations American Red Cross; John G. Emery, national commander American Legion and General John J. Pershing.

Robert S. Gast, chairman of the Red Cross Relief committee of Pueblo, Colo., will address the convention on "The Red Cross in Disaster" on the morning of October 6. Miss Mabel P. Boardman, secretary of the American Red Cross, will preside.

Reunions of Red Cross workers who served in the world war will be held at a series of luncheons.

Sectional conferences will be held on the evening of October 7 and morning of October 8. A mass meeting on roll call will constitute the afternoon's program, winding up with the historical Pageant of the Red Cross in the evening.

Among those participating in the sectional meetings are: Ex-service group luncheon; Miss Clara D. Noyes, director Red Cross Nursing Service, presiding; Merritt W. Ireland, surgeon general United States Army; Admiral E. R. Stitt, surgeon general United States Navy; Hugh C. Cumming, surgeon general U. S. Public Health Service; Julia C. Stimson, Major, Superintendent, Army Nurse Corps, Dean, Army School of Nursing.

Military Relief reunion; Col. George Filmer, manager Pacific Division, San Francisco, presiding; Percy H. Clark, Washington, formerly director of Camp Service, and Assistant Director General of Military Relief; Edward E. Greene; Cleveland; and Edwin H. Brown, Minneapolis.

LIGHT ADA TEAM OPENING SEASON THIS AFTERNOON

Sulphur high school's football squad arrived in Ada shortly before noon today and at 2 o'clock this afternoon prospects were good for a thrilling battle as Ada goes into action against the visitors for their first scheduled game of the season. Little was available on first reports from the high school field, where the teams were warming up at an early hour this afternoon for their battle. Ada went into the game with a comparatively light backfield and a midget quarterback and was expected to rely largely on an aerial offensive to win.

Following was the local line-up for the game: Burk and Willoughby, guards; King and Krieger, tackles; Rayburn and Gregg, ends; Potts and Nettles, halves; Captain Charles Cunningham, fullback, and Jimmie McKoy, quarter.

E. C. Wilson, referee, and W. K. Newcomb, umpire, were officials of the game as announced early this afternoon by C. R. Cox, coach of the Ada eleven.

The Sulphur line-up as given before the opening of the game was: F. Dinkens, left end; Leonard, left tackle; Scott, left guard; J. Wright, center; Arms, right guard; Ryan, right tackle; Selby, right end; Ury, quarterback; H. Wright, left half; Glick, right half; and W. Dinkens, fullback.

'SAFETY ALWAYS' MUST BE NATION'S SLOGAN

BOSTON, Sept. 29.—Advocating the slogan "Safety Always" instead of "Safety First," F. R. Coates of Toledo, president of the Toledo Railway and Light company, today told the delegates to the National Safety Council that the time was ripe for the interesting of the entire country in safety work.

"I should worry," is typically American and expresses a distinctly an American trait," he said. "As long as an accident does not enter our home or our lives personally we give little thought to prevention methods."

"Sometimes I have thought that one of the contributing faults was that there was too much of a joke made of 'Safety First.' Just as it is hard to ever take seriously a so-called 'funny man,' just so hard is it to get serious consideration for a movement when the jokesmiths and funny papers are constantly using it as a butt for their jests. I have a deep seated conviction that if some movement could be launched to change the slogan to 'Safety Always' it would go a long way in removing this objection, and to my way of thinking it more clearly expresses what every safety campaign should have as a definite plan and seek as an assured result."

"There are many companies which still look upon safety as something to 'let George do it' and when there isn't a place in any other department for a man who has to be kept on the payroll it is a common thing to hear: 'O, put him in the safety department.'"

"There is no use dodging this issue. We can never sell this campaign to our men and the great public we serve until we first sell ourselves."

"It can be done and will be done when we say it is going to be done."

SMOOT PROPOSES SUBSTITUTE TAX

Levy on Manufacturers To Take Place of "Fifty Seven Varieties."

(By the Associated Press)

WASHINGTON, Sept. 30.—A manufacturer's sale tax of three per cent was formally proposed to the senate today by Senator Smoot, republican of Utah.

The senator explained that this would be in substitution for "all of the taxes, capitol stock tax, transportation, telegraph and insurance taxes, the taxes on soft drinks, ice cream, cosmetics, admissions and dues and all others of the 57 varieties of obnoxious and other forms of taxation."

The "57 varieties" would be repealed on January 1 under a series of amendments to the revenue bill offered by the senator.

Repealing of the excess profit tax as of last January 1, instead of next January 1, as planned by both the house and the senate finance committees, also was proposed by Senator Smoot. Under his amendment the corporation income tax would remain at 10 per cent, but there would be no change in present tobacco, liquor and inheritance taxes.

OFFICERS SEARCH FOR SIX BANDITS

Oklahoma County Combed For Men Who Robbed Santa Fe Train.

(By the Associated Press)

OKLAHOMA CITY, Sept. 30.—Federal, county and city officers commenced here early today in a search for the five mail pouches stolen by six masked bandits from Santa Fe train No. 5 near Edmond Wednesday night. The location of the pouch is said by authorities to be evidence most desired in tracing the robbers. The search is being lead by C. P. Johnson, post office inspector.

Officers said they expected the robbers to dispose of the pouches at the first opportunity.

With rewards totaling \$29,000 offered for the capture of the robbers and with the entire force of the United States marshal office and over 2 squads and five post office inspectors assisting him, the search is being pushed diligently.

Officials working on the case believe they know who five of the six robbers are. All of them are veteran offenders, they say, and one of whom has been under surveillance since his release recently from the federal penitentiary at Atlanta.

A new angle developed in the case last night when officers learned that a taxicab had been seen to drive to a spot near the scene of the hold-up and deposit a black clad passenger who walked up the road toward the track. The six robbers were dressed in black.

DRUMRIGHT—Private William B. Miller, killed in action October 1918, in the Argonne, was buried here with Military honors.

Here are some extraordinary values in

Women's Fall Coats at \$12.50, \$20, \$25, \$35

Splendid materials of Velour, Bolivia and Polo Cloth; colors, navy, brown, and reindeer. Some are fur-trimmed. See our windows.

Stevens-Wilson Co.

NEWSPAPER BECOMES ADVERTISING FORCE

(By the Associated Press.)

KANSAS CITY, Sept. 30.—Accommodations for correspondents, representing the biggest newspapers magazines and news distributing agencies in the country will be provided during the convention of the American Legion here October 31, November 2. The plan devised by the convention executive committee calls for a press-box the entire length of the stage, with a passage leading under the speaker's stand to a pressroom where typewriters will be provided, together with multigraph machines and operators at specially installed telegraph keys.

Newspaper men, provided with cards that vouch for their credentials, may go freely back and forth from the press box to the press room. Stenographic reports of the convention proceedings will be transcribed in "takes" which will be turned over to the American Legion News Service desk, where the copy will be edited down to what might interest the newspaper reader. The edited copy will be sent, a page at a time, to the multigraph machine beneath the stage, where it will be stenciled and multigraphed and the copies sent back to the press box, to be distributed to the news correspondents.

Under the plan and adequate running story of the proceedings will reach the press box on an average

of twenty minutes behind actual happenings on the convention floor, according to Chester T. Start, Chairman of publicity.

PLANS FOR SECURING 11 JOBS ARE COMPLETED

(By the Associated Press)

WASHINGTON, Sept. 30.—Tentative recommendations for providing work for the national jobless, estimated at 4,000,000 were commenced today for submission to the national conference on unemployment.

The recommendations, drawn up by the conference emergency committee, based on reports from other conference committees, were characterized as an emergency program, and is said to be based on the principles that, in the main, unemployment is a matter for solution by individual communities, the state government aiding in such ways as possible.

Establishment of representatives of the emergency committees in the communities to co-ordinate the work of finding jobs for the involuntary idle and for the registration of the unemployed was understood to be recommended as the initial step in the relief program.
